Water Quality Certification Order # 03SEANR-5497 Snohomish County Drainage District #6 Restoration Project

The Department of Ecology (Ecology) received a copy of the letter from the U.S. Army Corps of Engineers dated September 30, 2004, indicating that they have cancelled your application for a Section 404 permit. Therefore Ecology is officially rescinding the Section 401 Water Quality Certification #03SEANR-5497, dated April 29, 2003. If in the future you decide to pursue your project, you must reapply for a 401 Water Quality Certification at that time. If you have any questions, please contact Alice Kelly at (425) 649-7145.
